

## Innovation Standard 3 Section

The Innovation Standard 3 section couch is very versatile for a wide range of patient examinations and minor treatment procedures. The couch features simple push button electric profiling of height, backrest and foot section angles to minimise manual handling risks when positioning the patient. The couch is fitted with an anti-bacterial base cover that is easy to clean. There is a choice of wheel system and a wide range of optional accessories.

## Models

- MG3670** Electric profiling of height, backrest and foot section. Large central locking wheel design with steering facility
- MG3470** Electric profiling of height, backrest and foot section. Large independently braked wheel design
