

Medicare Mobile 2 Section

Very strong and rigid 2 section mobile treatment couches supplied with side support rails and a paper roll holder. The large wheel system incorporates a steering facility and the couches have excellent height ranges with a low patient transfer height of just 46cm. For electric mobile treatment couches see Innovation 2 section models, which all feature a base cover as standard, electric profiling and options of 2-way tilt and CPR facility.

Models

- SM2650** Hydraulic 2 section with central locking castors with steering facility
