

EARLY-YEARS FURNITURE

Children's low chair in solid beech

Seat at 20 cm, backrest, smooth sanded finish

DESCRIPTION

A low chair for young children, in solid beech, with a backrest. Its 20 cm seat height lets the child put both feet flat on the floor: that stability is what gives them the independence to sit down and get up unaided, and what supports a correct posture during table activities.

The surface is sanded smooth, with no sharp edges.
