

FOOD PREPARATION

Professional blender 2.5 L

2.5 L jug, 1.5 kW, 25,000 rpm

DESCRIPTION

Professional blender with a 2.5-litre jug, driven by a 1.5 kW motor reaching 25,000 revolutions per minute. That reserve of power allows thick preparations to be processed continuously — purées, texture-modified diets, soups, crushed ice — where a domestic appliance would stall or overheat.

The construction combines an ABS body with stainless steel parts, giving an assembly that cleans easily between preparations.

TECHNICAL SPECIFICATIONS

Specification	Value
Jug capacity	2.5 L
Power	1.5 kW
Rotation speed	25,000 rpm
Supply voltage	230 V
Dimensions (W × H)	225 × 555 mm
Weight	4.45 kg
Materials	ABS and stainless steel

INTENDED USERS

- Institutional kitchens
- Hospital catering
- Texture-modified diet preparation
- Laboratories and pharmacies

Manufacturing and distribution — IBSGROUPE Ltd, as a turnkey supplier, handles the distribution, logistics, commissioning and after-sales service of this product. Manufacturing is carried out by the partner manufacturer, whose part numbers and specifications are reproduced above. *Non-contractual document: specifications may be changed by the manufacturer without prior notice; where the text and the illustration differ, the text prevails.*
