

POSITIVE REFRIGERATION

Refrigerated cabinet 620 L

Static cooling -2 to +8 °C, Dixell controller

DESCRIPTION

A 620-litre positive refrigerated cabinet with static cooling, holding a set point between -2 and +8 °C. The Dixell electronic controller displays the temperature and manages the defrost cycles, which makes daily readings and traceability straightforward.

Static cooling suits products sensitive to drying out; it simply requires that airflow between the shelves is not obstructed.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	620 L
Temperature range	-2 to +8 °C
Cooling type	Static
Control	Dixell controller
Dimensions (W × D × H)	777 × 695 × 1,895 mm
Power	185 W
Net weight	90 kg
Brand	Gafic

INTENDED USERS

- Pharmacies and stores
- Institutional kitchens
- Laboratories
- Catering services

Manufacturing and distribution — IBSGROUPE Ltd, as a turnkey supplier, handles the distribution, logistics, commissioning and after-sales service of this product.
