

OFFICE FURNITURE

Standard desk with pedestal

25 mm melamine top, four widths, three finishes

DESCRIPTION

A working desk supplied with its pedestal unit, in four widths to suit anything from a reception post to a management office. The top, in chipboard of density above 700 kg/m³ faced with melamine, resists marking; its 3 mm PVC edging takes the knocks of moving furniture around.

Two Ø 7.5 cm grommets carry the cabling, and the modesty panel, set 29 cm back from the front of the top, hides the installation from the visitor's side.
