

Illustration: IC series container with which the ice bricks are used.

FEATURES

- Eutectic plate (ice brick) for Evermed IC series isothermal containers
- Extends the temperature holding time inside the container during transport
- To be pre-conditioned (frozen or refrigerated) before use, according to the target temperature
- Reusable, easy to clean
- Quantity to be adapted to the transport duration and ambient conditions

TECHNICAL DETAILS

Type	Eutectic plate / ice brick
Compatibility	Evermed IC series isothermal containers (IC 15, IC 28)
Function	Passive temperature stabilisation during transport
Supplied	Per unit

Manufacturer: Evermed S.r.l. - Italy | Photograph and data from the manufacturer's documentation, subject to technical modifications.
