

Manufacturer's product photograph.

FEATURES

- Simultaneous display of relative humidity and air temperature
- Measures relative humidity, air temperature, dew point and wet-bulb temperature
- Remote probe with 1 m cable for measurements in hard-to-reach areas
- ABS housing with antimicrobial additive - 12 mm LCD display

TECHNICAL DETAILS

Temperature range / accuracy	-20 to +70 degC / +/-1 degC (+/-0.4 degC from 10 to 40 degC)
Humidity range / accuracy	0 to 100 %RH / +/-3 %RH (20 to 80 %RH)
Resolution	0.1 degC - 0.1 %RH
Units	degC / degF / %RH / dew point
Power / battery life	3 x 1.5 V AAA / approx. 10,000 h
Dimensions / weight	25 x 56 x 128 mm / 160 g

Supplied by Manutan (France) | Data as per supplier's catalogue, subject to technical modifications.
