

- Large 14 kg washing capacity for high-volume laundry.
- Integrated 9 kg drying function for complete wash-and-dry cycles.
- High-performance 1400 rpm spin speed for efficient moisture extraction.
- Digital control panel with multiple automatic washing programs.
- Steam washing technology for improved hygiene and fabric care.
- Fast wash program for time-critical laundry operations.
- Durable construction designed for continuous daily use.
- Compact footprint suitable for hospital laundry rooms.
- Energy-efficient operation with optimized water consumption.

TECHNICAL DETAILS	
Washing Capacity:	14 kg
Drying Capacity:	9 kg
Spin Speed:	1400 rpm
Control Panel:	Digital
Steam Function	Yes
Fast Wash	Yes
Wi-Fi	Yes
Dimensions (W × D × H)	600 × 670 × 890 mm
Water Inlet	Single (Cold)
Energy Class	B
