

EXAMINATION COUCH VICTORY WITH HI-LO

Examination Couch Victory with HI-LO, with 2 sections steel structure, epoxy paint finish. Practical and robust, it is a great option for use in physiotherapy clinics and gyms, for observation and treatment of users. Height adjustable from 400 to 800mm, it facilitates the user's access to and from the examination couch, as well as the caregiver's ergonomics. The height adjustment can be done in two ways:

hydraulic, through pedal or electric, through an intuitive control (or pedal). Padded upholstery with PU foam and memory foam core and coated with high resistant vinyl fabric (available in various colors). Articulated headboard through pneumatic system. Contains paper roll holder. It has two fixed feet and two castors with a brake; this system facilitates the movement of the couch in small offices.

Features

Height adjustment
Hydraulic or electric

Headboard section
By handle, with pneumatic system
